

Download Business Skills For Engineers And Technologists

Engineers Australia provides fair and accurate skills assessment services to engineers who wish to migrate to Australia. As the designated assessing authority for engineering occupations, we utilise our expertise to administer impartial assessments appropriate to every applicant. Engineers Australia is the designated authority for assessing skills and competencies related to engineering occupations in Australia. We work with the Department of Home Affairs, migration agents and international organisations to develop streamlined migration skills assessment procedures for engineers. [Home](#) > [CSOET](#) > [Electrical](#) > [Tech](#). Who is a Technician, Technologist or Engineer? Technicians. In general, technicians have a two year degree such as A.A.S, or A.S.E.T. Technicians with an associate degree can transfer to a bachelor of technology program and complete the bachelor's degree in another two years. The Second Career strategy launched by the Ontario Ministry of Training, Colleges and Universities pays for the training or education that Ontarians require to get a better job.
