

Download China : Politics And Government

This article's lead section may be too long for the length of the article. ... This article is part of a series on the politics and government of China. China's form of government is a communist state known as a People's Republic. The Chinese Communist Party (CCP) is the leading political party in China. China is ruled by a communist government. This government has been in place since 1949. Communism in China, and in communist governments across the world, strives for equality among its citizens in economy and class. The Government of Ancient China Ancient China had a government ruled by dynasties, sometimes united under one dynasty but often competing dynasties in controlling different regions. Ancient china's resources, large areas and large populations demanded a strong central government.
