The Science of Fear: How the Culture of Fear Manipulates Your Brain [Daniel Gardner] on Amazon.com.

FREE shipping on qualifying offers. "An invaluable resource for anyone who aspires to think clearly" (The Guardian) from the New York Times bestselling author of Superforecasting and Future Babble From ...I truly believe this is one of the most important books written in the 15 years since 9/11 changed our view of the world. So much of the misery and mischief in the world is due to unreasoning, or even worse, manufactured fear (not just of terrorism, but of much much more).According to Kofron, this technology is so advanced that it can be used to read your mind, program your mind with thoughts (that you would believe are your own) and induce emotional states in you (including pain, hate and fear). It can be used to tap into your optical nerve and auditory systems toOn the evening of April 8, 1999, a long line of Town Cars and taxis pulled up to the Minneapolis headquarters of Pillsbury and discharged 11 men who controlled America's largest food companies ...
